Subject: Requested information FOUND

Dear Mislav,

I have just called with the Belgium authorities.

And they cannot find an official registration in there systems of the party and the statutes.

They also told me that in the Belgium law it is not mandatory to have the logo as part of the statutes.

As for the European rules it is MANDATORY to have a logo in the statutes this can be found in **article 4 and more information in article 5** (see link european rules and the copy below)

So what I think needs to be done if you want to change the logo;

- 1) Design a new logo
- 2) Add it to statutes. This can be done, because it is not official registered
- 3) Sign new statutes
- 4) Get it to the griffie of the public court zie pasted tekst below (this in dutch) This needs be done in 30 days after the signing
- 5) Start european proces when prove of registration and registration number is received from the belgium court of justice.

Website of the Belgium federal justice department. (this are the people that I have called). This an official body:
